

Project Manager

Grand-Duchy of Luxembourg + Travels - Lead to a permanent contract

Mission :

As Project Manager, you are in charge of:

- Preparation of verifiable static calculations, as well as the preparation of assembly drawings + parts lists for tailor-made steel construction solutions (production halls and warehouses, office and industrial buildings, sports halls) in autonomy.
- Customer service for projects
- Collaboration with our field offices / sales teams
- Competent contact person for our contractual partners / architects and specialized planners

Profile:

- You have successfully completed your studies in civil engineering with a focus on construction or structural engineering
- Language skills: German and English (fluent)
- A first experience in a similar position is wished. Knowledge or experience in steel frame structures is a strong plus.
- Strong knowledge of current regulations and relevant regulations
- You have a strong technical understanding and are enthusiastic
- You work independently and you are result oriented
- Your profile is reinforced by communication and team spirit, a methodical and systematic way of working and flexibility

To apply:

- Send your resume and application letter to our HR Department: recrutement@lease.lu. By submitting your application, you give your consent for the collection and processing of your personal data in order to fill a vacancy and/or to be registered in our recruitment pool.
- Your application will be treated with all our consideration.
